President's Message—Susi Gaskins

Every historian has their own personal historical "high holy" day; mine is 11 November 1918, the day the guns of the First World War fell silent after more than four years of brutal fighting. It is difficult to overstate the effect of WWI, even today more than 100 years later. What began as Armistice Day became Remembrance Day in Europe and the British Commonwealth. In 1954, the US Congress renamed it Veteran's Day to encompass all Americans who served during wartime. What does any of this have to do with quilting?

By chance I stumbled on to a website displaying quilts made for the Cherrywood Challenge of 2024. Poppy (the traditional flower of WWI remembrance) was the color/theme of that year: crimson, scarlet, and burgundy. (Achieved with cochineal dyes, I wonder?) Not surprisingly, numerous entries adopted a First World War motif and all incorporated the flower.

Kitsap Quilters was established to foster and encourage the art of quilting, both in its traditional approach and its contemporary adaptation, to bring together those who love the art form and to share the art form with the community.

President's Message—Continued

I never see red poppies, whether reproduced on fabric or in any other form, without thinking of WWI and the human cost of war. The seeds of the wild red poppy can lie dormant in the ground for 50 to 80 years and only germinate when the soil has been disturbed by plowing, digging, or combat shelling; they need light to sprout. As you might imagine, trench digging, artillery fire, and burying the dead caused huge fields of blood red poppies to bloom during and in the aftermath of WWI.

The Cherrywood Challenge generated 464 entries - 100 years after WWI began. Two hundred twenty-five of the challenge quilts joined a traveling exhibit in 2024-25, appearing at quilts shows from Birmingham, England to Spokane Valley, Washington and many points in between. I can't tell you how sorry I am to have missed that exhibit. It reminds me how versatile our art is and the myriad sources of inspiration we draw from. Quilting fosters so many things: love, comfort, joy, fun, awe, beauty, gratitude, and remembrance.

Raffle Ticket Sales—Nancy Parrott

PNW Pages Update

Sales of tickets for this year's raffle quilt have been brisk. Well over half of the 3000 tickets have been sold since September. And it's all because of the dedicated volunteers who have learned new parking strategies, hiked treacherous terrain, basked in the afternoon sun, cooled off in the sheltering shade, refreshed in the gentle breezes and enjoyed Olympic Peninsula scenery, all to man their posts. You are my heroes. And we aren't done yet! *PNW Pages* will be at the October and November guild meetings and then the Poulsbo First Lutheran Church bazaar on Nov 6th and 7th with a new group of sales agents. I encourage everyone to patronize the bazaar as Maureen Narimatsu and her sister have generously offered a booth at no charge to our nonprofit guild. Other locations are pending, but in between engagements, the quilt will be on display and tickets available at Sherry's Cozy Quilts in Poulsbo. Check the guild website calendar periodically for new, confirmed sales venues. Contact Nancy Parrott at if you have suggestions for sales locations or to join the elite group of sales agents.

Fat Quarter Lottery—Carolyn Nannery

Welcome to the 2026 Fat Quarter Lottery! For a chance to win, bring a FQ or ¼ yard for each chance to enter to win in the color/theme each month. One chance for each FQ you enter. The months of August and December there will not be a lottery as we have the picnic and Holiday party.

Here's this year's line up:

November - brown/football (Seahawks)

December - No Lottery

Good luck to everyone!

Beginner Tips – Rachael Schweizer

I've been quilting for about 10 years and there are so many tricks to the trade, whether it's a way to increase efficiency or make the process more enjoyable. My favorite tool that is both a time saver and helps with accuracy, is painter's tape! Believe it or not, you can use painter's tape for a wide variety of uses. I've used it to hold down the edges of a backing fabric while baste pinning a quilt, but my favorite use is marking rulers. I find myself often needing to cut a LOT of one size block or squaring up a set of blocks all to the same size. I take a strip or two of blue painter's tape and line it up on measurement I need on the ruler. For instance, if you need to cut a ton of 2.5" strips, you could put the edge of the tape on the 2.5" mark on your ruler to make it easier to cut the strips. This also works for fussy cutting or squaring up blocks, where you can put the tape along the square/rectangle measurements and align your fabric within those guidelines to trim the fabric up.

Stitches In Time—Nancy Parrott

November's *Member Spotlight* shines on **Claire Grantham**,'promoted' to treasurer in September after a year of treasurer-elect internship. Claire joins a board that shares a common bond; they are all relatively new members. This speaks volumes about their personalities, about the commitment of the guild to embrace new members and about the resulting vibrancy of our group. bring a wealth of varied experiences, and their enthusiasm about sharing them keeps our guild on the cutting edge. More than any other time in my 15-year membership in the guild, I look forward to meeting the new leadership and embracing the opportunities we are given to grow in our chosen craft.

In this spirit of sharing, Claire has introduced us to what is important in her life and answered a few questions about her quilting journey. Thank you, Claire, for your willingness to enrich us with your talents.

Meet Claire Grantham……

"I am married, have 3 adult "children", 4 grandkids and now a great grandson. I worked as an RN for 40 years. I grew up in Southern California and then spent 30 years on the Central Coast of California in beautiful Morro Bay before relocating to Poulsbo to be close to family. We enjoy golfing (I'm not too good), football (not going to say who we root for because I want people to like me!), traveling to warm places, Hawaii specifically, and hanging out with family and friends!

Claire, you have volunteered for and been elected to the office of treasurer for the next business year. How long have you been a member of the guild and what inspired you to volunteer to be considered for this key position?

I joined the guild in 2019, not long before the pandemic. I think that I had attended maybe 3 meetings before everything shut down.
I actually became a member of the board, as Treasurer-Elect and now Treasurer because I was called by another board member and asked if I would consider it. I was promised that it was an easy job and not too time-consuming! I am actually enjoying it tremendously. It is really a great way to meet people and so many have been so helpful to me. I strongly encourage new members to get involved and consider a board position in the future.

I have had the pleasure of working with you on the 2026 nominating committee and with the current raffle quilt ticket sales. Have you participated in other ways in the guild during your membership? Attended workshops? Entered a quilt in the quilt show? Been a member of a committee?

I've been a low-key member but have actively sold raffle tickets multiple times over the years, usually on very cold mornings in front of Town and Country. I have always enjoyed it so much and it turned out to be the best way to meet other members of the guild. Just remember gloves and a hat during those winter months! I have volunteered at the quilt show every year, and I also do some long arming for the hospice quilts that the guild donates.

Stitches In Time—Continued

Prior to joining Kitsap Quilters, I had never felt confident enough to enter any of my quilts in a quilt show, but I bit the bullet and now enter several quilts every year. I was scared at first but then I realized it's fun to see your name on a quilt! I do love to take classes and have been trying to take a few every year.

What are some highlights of your quilting journey? Did you come from a quilty, crafty family or have you discovered quilting recently?

Both my mother and grandmother were avid seamstresses, and I inherited the bug as a young girl. My grandmother gave me her original Featherweight machine for my 8th grade graduation, and I was set to go. I made mostly clothing for many years on that Feather weight and didn't get a "zigzag" machine until I finished nursing school in my late 20's.
I took an intro to quilting class, in the early 90's after we had moved to a new city, as a way to make some new friends. I thought it might be fun, which turned out to be an understatement! I really haven't turned back since then. I was an avid hand quilter for probably 10 years and then picked up the machine quilting bug and began quilting on my domestic machine. When we moved to Washington in 2019, I was able to get my own longarm which is so fun. I also do machine embroidery and I love to knit.

Do you categorize yourself as a certain type of quilter or are you still exploring all the options that quilting has to offer? What is your favorite quilt you have made so far?

I don't really have a certain category. I really love whatever I am working on at the time! Gosh, it's hard to say what my favorite quilt is but probably the most challenging quilt I have made is The Tarnished Star quilt, which involved all sorts of techniques that made me sweat! When it turned out flat, I was very happy!

Do you have a certain pattern or technique that is currently on your 'must do' list? If so, what was the attraction?

I am interested in making a large Judy Neimeyer quilt. Paper piecing has always been a challenge and I love a challenge!

Computers have become a common tool in the quilting business, from being used to buying supplies, to following famous quilters, to taking online classes, to designing your own quilts. Have you embraced the techy side of quilting?

Well, I definitely use a computer with my longarm and with my embroidery machine. I'm not much of a designer, but I sure do respect those creative types!

We are all looking for ways to live our best lives. Do you have any words of wisdom that guide you day by day you could share with us?
I try to focus on the good things in my life and live life with a lot of gratitude for the beautiful things I have in my life- my family, my friends, my health, and this beautiful place we call home.
