

October 2018 Mystery Directions.

Unit 4:

From Color **B** use 2 of the WOF strips, and the two half-length strips, add one WOF strip and **one** of the half strips of Color **A**,

Make one full length and 1 half-length strata, sewing the Color A (1 ½ in. strip) between two of the 2 ½ inch Color B strips. Your Strata are 5.5 inches high

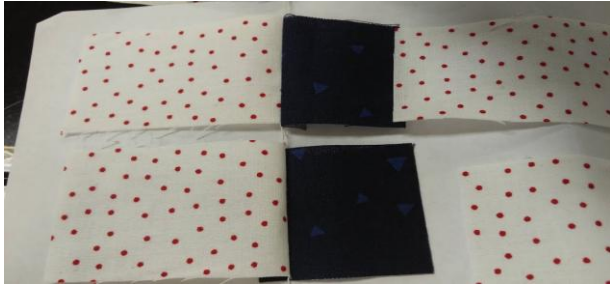

Cross cut these strata into **24** 2.5 inch rectangles that are 2.5 by 5.5 inches. You should have just enough strata to cut the 24.

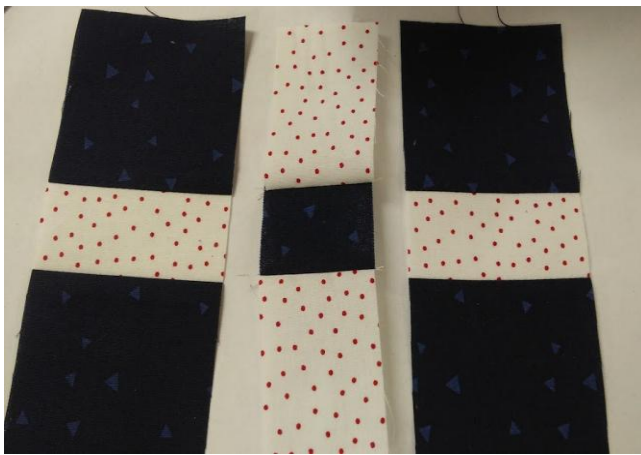

Take the remaining **Color A** strips, (the 2 and a half WOF, 1 ½ inch strips) cross cut **24 pieces** at 2.5 inches each.

Cut a strip of **Color B** at 1 ½ inches and use 18 inches of that strip to cut **12** 1 ½ inch squares.

Sew a Color B square between 2 of the Color A rectangles. You have 12 strips.

Place them as shown and sew these 5 ½” unfinished blocks together. You have 12 blocks. Place in a bag and label them Unit 4.

Unit 5.

My **Color A** is 43 inches WOF. And I was able to get the blocks for this unit from 8 WOF strips, exactly. If your Color A is less than 43, Cut 9 Strips. 2 ½ inches wide WOF. Cross cut these strips into **96** 2 ½” by 3 ½” rectangles. Label these blocks **Unit 5** and place in a bag.

Unit 6.

Color A. Cut 7 3 ½ inch WOF strips Cross cut these into **48** rectangles of 3 ½ “ by 5 ½ inch. Place in a bag and label them **Unit 6**.

READY TO KEEP GOING --AND START SEWING???

Sew your units together in 5 rows and 5 columns. In this order:

Row	UNIT				
1	1	5	2	5	1
2	5	3	6	3	5
3	2	6	4	6	2
4	5	3	6	3	5
5	1	5	2	5	1

You will have 12 blocks at 15 ½ inches unfinished.

BE VERY AWARE OF THE COLOR PLACEMENT OF THE BLOCKS.

COLOR B MAKES DIAGONAL LINES FROM THE CORNERS TO THE CENTER BLOCK, AND COLOR C MAKES A CIRCLE AROUND THE 5 CENTER BLOCKS. Units 5 and 6 are placed vertically or horizontally depending on the width of the adjacent blocks.

Next month: Sashing and finishing.
