

2020 Challenge, "The Day The Crayons Quilted". Many of you have gotten your mystery set of three crayons, if not I will bring them to the next meeting.

The Rules:

- You must use the three crayon colors, but you can add other colors as well.
- No larger than 120" perimeter.
- There is no theme, let your creativity be stretched with the three colors.
- Please have the completed project at the January meeting for the judging. The hardest part is to keep track of the three crayons, they need to be turned in with the completed project.
